

TT is about _____ cm.

_____ T

6. Measure line segment TT below to the nearest tenth of a centimeter.

a. 2 years = _____ weeks

d. $3\frac{2}{1}$ days = _____ hours

e. $1\frac{2}{2}$ hours = _____ minutes

b. $\frac{6}{2}$ hour = _____ minutes

a. $\frac{2}{1}$ hour = _____ minutes

5. Complete.

4. Grace ran 40 m in 8 seconds. At that speed, how far did she run in 1 second?

a. $3\frac{1}{1} + 2\frac{1}{1} =$ _____

b. $5\frac{5}{3} + 4\frac{5}{3} =$ _____

c. $1\frac{8}{7} + 2\frac{1}{2} =$ _____

d. $\frac{10}{8} + 3\frac{4}{5} =$ _____

e. $\frac{8}{7} + \frac{5}{1} =$ _____

3. Add.

Fraction	Decimal	Percent
$\frac{3}{1}$	0.625	
	0.70	5%
$\frac{5}{3}$		

2. Complete the table.

a. If there are 6 counters in $\frac{2}{1}$ of a set, how many are there in the whole set?
 _____ counters

b. 9 counters in $\frac{4}{3}$ of a set. How many are there in the whole set?
 _____ counters

c. 15 counters in the whole set. How many are there in $\frac{3}{2}$ of the set?
 _____ counters

1. Solve the following problems.
